Rehoming Guide

Help and advice for re-homing your cat

If you wish our help with re-homing your cat and are in the Lanarkshire area and able to travel to our fosterers based in Lanark, Airdrie or East Kilbride, please phone 01555-660784 (leave a message) or e-mail admin@catactiontrust.co.uk for our help and advice, space availability and a list of other cat rescues (some of which maybe closer to you and more able to help). Our primary responsibility for re-homing someone's cat is firstly for the cats in the Lanarkshire area. However we do and can help outwith this boundary area especially with small kittens. Even when cat shelters are full at times, we can maybe squeeze in or make space available.

If you wish help with re-homing your cat and are wishing shelter space but outwith Lanarkshire or cannot travel to us in Airdrie, Lanark or East Kilbride, but you are still in Scotland We can e-mail you a list of other Scottish cat rescues that are probably nearer to you. They may also be able to put people in contact with you for your cat and haven't got space at that time. Please e-mail admin@catactiontrust.co.uk requesting a list of other cats rescue organisations that maybe able to help instead and may even be closer to you.

Please remember when re-homing your cat, cat rescues will require the following details:- cats age, colour, sex, about their temperament, where they are, whether they need access to outside or not. good with other cats, dogs or children. whether they are neutered, vaccinated or chipped, can they use a cat flap, type of food they are used to, etc.

Alternatively, If you do not wish to re-home your cat into a cat rescue cat shelter and wish help to re-home your cat directly from yourself. So you know exactly who and where they are going to. It can also be better for the cat. The less stressful moves the better for them too. Also being in another home environment, instead of a cattery situation for a while, until a new home is found is sometimes more conducive for all concerned. This is the other preferable option available to you than trying to get a cat rescue to take your cat.....

Trying to find a home for your cat direct?

You can try and advertise your cats locally through local supermarkets, pet shops and vets. Please remember when re-homing your cat to include the following details:- a lovely description of your cat, cats age, colour, sex, where they are, whether they need access to outside or indoor only. Good with other cats, dogs or children. Whether they are neutered, vaccinated or chipped, etc. If you are not happy with the potential new owners, do not home your cat to them.

You can try and advertise your cats in the cat section of the adtrader paper. It's free and you can include a picture when advertising online. See <http://www.adtrader.co.uk/> or phone 01698-573000

We can help to re-home your cat, through our homing direct scheme on this web site wherever you are. You need to e-mail <mailto:admin@catactiontrust.co.uk> all your cats details (age, colour, sex, about their temperament, where they are, whether they need access to outside or not. Good with other cats, dogs or children. Whether they are neutered, vaccinated or chipped, etc) and requesting for them to be put on to our web site for homing direct. Maybe also a picture really helps of the cat you wish to rehome. We will then arrange for your cat to be put on our web site for homing direct with your own tel. no. and e-mail address. Also we will actively promote them for homing, when people contact us looking for a cat. In return for this we ask that you just phone (01555-660784) or email us saying when the cat has been homed and we will delete the cat off our web site. Also a donation from yourselves for our

efforts and help, would not go amiss. See our standing order instruction for our bank details, where you can make a one off bank transfer via your bank or regular payments into our bank account by completing this standing order instruction. Especially if we have helped directly to home your cat as we are all volunteers, getting no funding and trying our best for all the cats out there. If you are not happy with the potential new owners do not home your cat to them.

Alternatively our main Original Cat Action Trust HQ's maybe able to help you also with cats. If you are requiring help outwith Scotland especially or still require more cat rescue contacts. Than we have e-mailed to you on our cat rescue contact sheet. Then please e-mail

- info@catactiontrust.org.uk or see www.catactiontrust.org.uk for their help.

There are also other main HQ's of other Cat Organisations denoted here(that might be able to help too):-

- Cats Protection. www.cats.org.uk, info@cats.org.uk
- C.A.T.77. www.cat77.org.uk, info@cat77.org.uk
- S.S.P.C.A. www.sspca.org.uk, info@sspca.org.uk
